BANGOR, September 10, 1866.

To the Commissioners Appointed by the Governor relative to the Penobscot Boom:

THE undersigned, five persons and more, interested in lumber in Penobscot River and Boom, hereby apply in writing to you, to visit said Penobscot Boom and structures for the purpose named, and by the authority given, in Section twenty-six of the Act constituting the Penobscot Lumbering Association, and to amend the charter of the Penobscot Boom Corporation, approved April 5th, 1854.—And the undersigned among other things, complain of, and call your attention to, a practice this season in said Association of allowing logs, which have been rafted out at the upper gap in said Boom, to be broken up from rafts and driven through the limits of the Boom, and through the lower gap in the same, without being rafted by said Association; which practice is injurious to the undersigned and others interested, and not called for by the public good. Wherefore we respectfully ask that an examination may be had of the premises, and such practice prohibited, and such other action taken as may be deemed most for the interest of all concerned.

BANGOR, September 20, 1866.

To the President and Directors of the Penobscot Lumbering Association:

Upon a petition to us, of which the within (or foregoing) is a true copy, you are hereby notified to meet us at the Hotel of Amos Bailey, in Sunkhazo, on FRIDAY, 21st instant, at two o'clock P. M. at which time and place we shall proceed to examine into and conclude upon the subject matter therein complained of; and any and all other pertinent matters relative to the arrangement of said Room.

RUFUS DWINEL,
CHAS E DOLE,
Commissioners.

BANGOR, September 21, 1866.

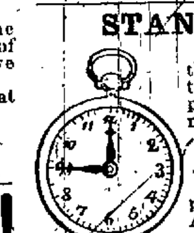

In pursuance of the foregoing petition to us, and after notice to the President and Directors of the Penobscot Lumbering Association, the undersigned met this day at Sunkhazo, and proceeded to examine into the matters above complained of; and after hearing such evidence and arguments as were submitted by parties interested, and making such examination and inspection as seemed necessary, decided in the future management of the Boom, that under no circumstances shall any logs be turned into and driven through the Boom without being rafted by the Association at the gap below; nor shall any logs be turned in below the Lower Gap within the chartered limits of the Boom, without written permission of the Commissioners therefor. This direction not however to affect the running of logs in rafts as practised heretofore.

RUFUS DWINEL,
LYSANDER STRICKLAND,
CHAS. E. DOLE,
Boom Commissioners.

Ritchie's Liquid Compass!
THE Ritchie Compass which has been the standard Compass in the navy for upwards of four years, and also in extensive use in the merchant service, should be used on every class of vessels where a compass is to be depended on. It combines all the qualities of a perfect instrument. To extreme sensitiveness and perfect steadiness is added a strength and durability which prevents them from getting out of order like other compasses. The reason for this is apparent to any one upon examination. A single trial of this compass has always resulted in its adoption and the rejection of every other kind!

Fever and Ague Extinguished.
Martyrs to Intermittent Fever, a word with you! The responsibility of your suffering rests upon yourselves. Just as surely as you shake to-day, or will shake to-morrow, HOSTETTER'S CELEBRATED STOMACH BITTERS will extinguish the disease under which you labor. Had you taken this genial tonic as a preventive, you would have no need of it as a cure, for it renders the system impervious to all miasmatic fevers. But since you neglected the precaution, rid yourself without delay of the complaint by resorting to the only reliable remedy. Break the chills with HOSTETTER'S BITTERS, and they will return no more. This is the experience of thousands, and it will be yours. Quinine is a slow means of relief; it is nauseous to the last degree; it is more dangerous than the malady itself; in many cases it utterly fails. How different is the effect of the BITTERS. Their curative action is rapid; they are agreeable to the palate; they are not only entirely harmless, but tend inevitably to strengthening the constitution and prolong life; they *never have failed,* and it is confidently assumed that they *never can fail* in any case of Fever and Ague, however inveterate in its character. To be without HOSTETTER'S BITTERS in any region infested with Intermittent or Remittent Fever, is simply to reject safety and court disease. sept 29 en 3taw d&w2w

Despatches to the Evening Times.

Disclosures to be Made of Secret Southern Societies.

ALBANY, N. Y., Oct. 5.

A tragedy occurred at Cardyman's Hollow in this county yesterday. A man named Judson Palmer having eloped with the daughter of Archibald Stevens, a wealthy farmer, the latter followed them, and meeting in the house of a mutual friend, both drew pistols and began firing at each other. Stevens was shot dead, and Palmer wounded in the head, but not so badly as to prevent his riding off with the girl in his wagon.

MEMPHIS, Tenn., Oct. 5.

There were 15 deaths and 8 cases of cholera to-day.

NEW YORK, Oct. 5.

A special despatch from New Orleans to the Tribune dated yesterday says:

Some important disclosures will be made officially to the public in regard to secret rebel associations which permeate the entire South. These organizations have branch circles in New York city, and at the West. That in New York is said to number 50,000, principally composed of men who served in the rebel army.

Nine cases of the whipping of negroes have recently been officially reported in the parish of Brenville.

NEW ORLEANS, Sept. 20.

To his Excellency, Gov. Throckmorton:

I have just received from Col. Mason his report of the affair which occurred at Brenham, Texas, on the 17th inst., and have directed him to notify Brevet Major Smith that he must not permit himself nor any of his men to be arrested. I respectfully request of your Excellency to do all in your power to allay the excitement there, and I will do all in my power to satisfy the ends of justice in every case, but I doubt if much justice could be done in a community which compels our officers and soldiers to remain inside of the defences thrown around their camps. I will have an additional and thorough investigation of this affair if possible, to ascertain if any soldiers were guilty of the affair, but Colonel Mason is clearly of the impression that those designated for arrest are innocent.

Respectfully, your ob't serv't,
P. H. SHERIDAN,
Major General.

NEW YORK, Oct. 7.

Gen. Dix leaves on the mission to France on the 27th inst.

A meeting of the American Board of Foreign Missions was held here last evening. Bishop McIlraine presided. Addresses were delivered by Bishop Payne of Africa, Bishop Clark of Rhode Island, Bishop Clarkson of Nebraska, and Rev. Dr. Armitage, Bishop elect of Missouri.

NEW YORK, Oct. 5.

The case of Orlando W. Joslyn vs. the National Express Company came up yesterday in the Supreme Court. The plaintiff is a stockholder, and complains of the bankrupt condition of the corporation and seeks for a winding up of its affairs. He purchased a number of shares valued at $5000, under, as he states, the fraudulent representations of certain men, members of the Company he now seeks to recover his money from.

DOVER, N. H., Oct. 4.

J. H. Sanborn, Roadmaster of the Concord Railroad, died at Concord this morning.

Peter Curry of Southboro', Mass., forty years old, had both legs accidentally cut off by the cars at Dover Depot this morning.—His injuries will probably prove fatal.

A SECOND ADVENT CAMP MEETING.—The Augusta Banner says the Second Adventists have had a great time at a camp meeting in Exeter, this State. A letter from the adjoining town of Stetson, written the first of last week, has the following:

Br. Quinby:—* * *

The "Latter Day Saints" had their "last great occasion" last week just above us in Exeter. It commenced a week ago last Saturday and wound up last Sunday. Several thousands of sinners were in attendance, last Sunday. I think a greater number of all kinds were never drawn together by an old fashioned general muster than were attracted to this Millerite performance.

"Why could it not have been appropriately called Tophet, since these modern Saints were there to offer sacrifices to a Fire-God. And a great sacrifice they offer to their Fire-God that they may escape the fiery element with which he is going to ignite and utterly consume this terrestrial ball, with all its inhabitants, except those who offer sacrifices to him. This fearful calamity is going to happen, they say, in 1867—and no postponement on account of the weather, or from any other cause!

TIME. Since the advent of the Atlantic Telegraph many questions are asked about the difference between the time on this side, and that at the other end of the wire. The difference of time at various points on the surface of the earth is as follows. When it is twelve o'clock high noon at New York, it is fifty-five minutes and forty two seconds after 4 p. m. at London; fifty-seven minutes and twenty seconds after 6 p. m. at St. Petersburg; seventeen minutes and twenty-four seconds after 7 p. m. at Jerusalem; fifty one minutes and forty-four seconds after 6 p. m. at Constantinople; forty minutes and thirty-two seconds after 1 p. m. at Madrid; thirty-one minutes and twenty seconds after 5 p. m. at Bremen; forty minutes and thirty seconds after 4 p. m. at Dublin; and forty-one minutes and twenty-four seconds after 6 p. m. at Florence. The difference of time between the extreme east and west points of the United States is three hours and fifty minutes. In the China sea, between Singapore and China, it is midnight when it is noon in New York.—[Portland Advertiser.

VICTORIA'S FIVE DAUGHTERS. Queen Victoria has five daughters. The oldest is the wife of the Crown Prince of Prussia.—She is destined to become the future Queen of Prussia. The second, Alice, is the wife of the Prince of Hesse-Darmstadt, whose principality has been lately absorbed by Prussia. The third, Helena, became recently the wife of the Prince of Teck, who is a Prince without a principality. Two remain unmarried—Louise, who is in her eighteenth year, and Beatrice, who is in her ninth.—What is to be done with Louise, now that most of the Protestant German Princes have been ousted from their petty thrones by Prussia? There is only one Protestant Prince now available for royal conjugal purposes, and he is the brother of the Princess of Wales, King George of Greece. Mr. Gladstone is consequently, to proceed to Athens to enter upon this delicate negotiation. Her proposed husband is a mere youth, who dances well, and is fond of good cigars, and is tolerably good looking. He might make an admirable clerk in a millinery store, but is altogether out of his place as the chief of the spirited Greek nation.

THE CURE OF INTEMPERANCE. A writer in the Providence Journal, discussing the question of the cure of intemperance (regarded as a disease, and a curable one) states the following facts which are worthy of deep consideration wherever intemperance prevails—and where does it not prevail?

The desire to see tried in Rhode Island a public institution for the reformation of the drunkard has been one of the dreams of our life, but it has ceased to be an experiment; it has been tried in our sister State—thoroughly tried and successfully tested in the city of Boston. The Washington Home has now been in operation nearly eight years, during which time more than two thousand voluntary patients have been treated, all of them beneficially, and a large proportion with perfect success.

Originally organized by a few humble men to whom the community at large rendered no assistance, it has been enabled to attain its present usefulness, and has now become one of the permanent charities of that glorious old commonwealth. During the year 1865, two hundred and seventy patients were received into the 'Home,' and a large majority of them returned useful members of society, with an average cost of $36,68; the whole expenses of the institution for the year 1865, were $9,903,81. Dr. Albert Day, the Superintendent, is justly entitled to the praise of having been its founder; himself a poor mechanic with limited education and who never drank a drop of liquor in his life, became so interested for the sufferings of his fellow men from intemperance that he resolved to devote himself to this work; while he has been the Superintendent he has read medicine, taking his degree at the Harvard Medical College, and holds a respectable place as a physician in the city of Boston.

For the information of the many who doubt that a drunkard can be cured, let us insert an extract from the last annual report of Dr. Day:

'A gentleman of talent and education of this city, came under my care; he was at that time undergoing apparently hopeless suffering from inebriety in its severest form. Reduced in health and circumstances a vagrant, and outcast upon the earth, knowing no middle ground between insensibility and cruel remorse, there seemed only left him, of all his faculties, an earnest desire for better things. After his general health was somewhat restored, he was not confined; but as he was liable to experience these cravings for indulgence at any time, he was advised when he felt them approaching, to report the fact to me and submit to treatment. He did so at various times, for a year or more, and was confined and treated for a few days. The result was, that these, as they might be called, paroxysms of temporary insanity, became less frequent with prolonged abstinence, until ceasing altogether, I now regard him as a cured man.'

We are persuaded, from a not very limited experience in this respect, that there is no disease or weakness, or vice to which our nature is subject, so imperfectly understood as intemperance; the almost universal popular belief, is that the drunkard has no earnest desire to reform. There never was a greater fallacy. Dr. Day, during the last eight years, has been the friendly confident of more than two thousand drunkards, coming from every station in life, with every degree of culture and every variety of character; read this extract from his last annual report on the subject:

A mistaken idea seems to prevail, that the inebriate becomes and continues a drunkard, because he has no desire and makes no effort to reform. No error can be more complete than this. *To shake off the shackles of this slavery is the dream by day and by night, of its unfortunate victims,* and how to accomplish it is the question he most eagerly asks, and for whose answering he waits with most intense desire.

No! intemperance is a dreadful vice, perfectly hideous in its consequences upon its possessor, and all those connected with him; but there are worse crimes and deeper stains in human nature than even this; it does not like avarice and the meaner vices leave its victim without hope and without penitence.

One word more. Will not some of our leading citizens who have devoted so much time and money, and made such sacrifices in the cause of temperance, take this subject into their serious consideration?

We feel perfectly sure, that if they understood it as it really is, the year 1867 would see established in Rhode Island an institution for the relief of the inebriate which would confer the most substantial benefits upon this most unfortunate class of human beings.

THE FAMINE IN INDIA. The progress of the famine in India is still continuing, and the mortality is ever increasing. The state of the country is said to be frightful. A correspondent of the Calcutta Guybilvar, of the 8th, who has made a tour of the Mofusil, sends a narrative of suffering and death which has rarely been paralleled even in the history of such calamities. In four villages which he visited there were not ten houses that did not contain one or more dead bodies. In another small place there were four or five hundred dead, mostly unburied. The truth appears to be that the boasted administrative machinery of the Indian government has completely broken down.—Plenty of food has been bought, but somehow or other it does not reach the starving. Ships laden with rice are unable to discharge their cargoes for want of boats. Much of the misery is attributed to the fact that the authorities have given orders that only eight annas' worth of rice shall be sold to one individual at a time. "Every day," writes a correspondent, "there were hundreds of people coming and laying down their money, prostrating themselves on their face and hands, begging to buy rice; but the relieving officers cannot sell it, owing to the orders they have received." In Calcutta alone twenty thousand persons are subsisting on native charity which has proved far more effective than the organization of the government.

"ONE OF THE BOYS." A youngster came home after having a glorious time in the puddles, his face all aglow, and his rubber boots full of water. The punishment of staying in the house for the remainder of the day did not seem very hard at first; but as his little heart warmed up with the recollection of the triumphs of the morning, when he had waded deeper than any of his playmates dared to, he could bear the restraint no longer, and went to his mother, saying: "Please, mother, whip me, and let me out again!"

The Report of the Military Commission upon the New Orleans Massacre.

It appears from this report (says the Tribune) that the whole responsibility of the massacre is placed upon the civil authorities of New Orleans, and through them upon the President, who sustained their course. The radical convention is exonerated from the charge of inciting the negroes to violence, and it is proved that the negroes who paraded were generally unarmed, and could have had no hostile intentions.

When the convention was attacked it is established "beyond a shadow of doubt that except the two or three pistols in the hands of the procession of negroes the beseiged party were totally unarmed".

On the other hand the commission found that the Mayor expected that an organized attack would be made on the convention, and that on the morning of the massacre he withdrew the police from the streets, armed them and held them to await orders. The city was left to the mercy of the rioters.—The first attack was made by ex-rebel soldiers upon the negroes, and this was followed by the advance of the police in three columns, firing on the negroes and conventionists. Organizations of rebel soldiers joined in the attack. The alarm bell gave the well-known signal, which, during the rebellion, summoned the rebel soldiers to the defence of the city against a federal attack.—Sweeping through the streets in answer to the tolling bell came Hayes' brigade, and bodies of men bearing the insignia of rebel troops. They fell upon this helpless convention and this poor procession of negroes, who, carrying the flag of the Union, blindly trusted to its protection, and pursued the work of massacre with a cowardly ferocity unsurpassed in the annals of crime.

The commission gives startling evidence of the fiendish spirit of the police and the mob, and states as a firm conviction that but for the presence of the troops fire and bloodshed would have raged throughout the night in all the negro quarters of the city, and the lives and property of Unionists and Northern men would have been at the mercy of the mob. They also declare that Mayor Monroe knew what the action of the police would be, and intended the inevitable consequence of his own acts.

They have some queer democratic precincts in Pennsylvania according to a recent report, which sounds like a despatch from rebeldom itself. It is dated Bedford, Pa., Sept. 21st, and says:—"At a Democratic meeting held in the Courthouse on Saturday evening, the President of the meeting, on motion of B. F. Meyers, the Democratic candidate for Senator, addressed the meeting. During his remarks he said the name of Booth would live. He, like Winklereid, had laid down his life for his country. That Switzerland had her Winklereid, Scotland her Bruce, and America her Booth, and that the time would come when a monument would be erected to Booth higher than that erected to Lincoln. These sentiments were received without marks of disapprobation."

This Bedford is one of the "democratic" strongholds where Lee's army of invasion was affectionately looked for, and would have been welcomed with open arms had it not met with that little accident at Gettysburg.

The Charlottesville (Va.) Courier concedes the triumph of the Republican party at the coming elections, warns the Southern people not to be induced to any concessions, and betrays a fear that the Southern communities will abandon their leaders and adopt liberal principles. It says:—"We have some apprehension that ambitious and reckless men among ourselves, weary of continued exclusion from power, may betray us on this question. If the South stands firm we can protect ourselves against negro suffrage. If it will suffer everything before it will yield this point, our time will come. We cannot be, for any long period, kept out of the Union, nor our representatives out of Congress. The North will rebel against this condition of national disorganization. The danger to the South with regard to negro suffrage is here. We have not heard of any of our people suggesting a concession at this point; we only consider the matter from an abstract point of view. We fear demagogues, we fear that shameless class of politicians like Jack Hamilton and W. W. Holden, who are for the African slave trade to-day and for negro equality to-morrow."

NEW YORK. Last year, in the State of New York, the aggregate democratic majorities in all the counties out of the city amounted to only 6,334, while the aggregate Republican majorities amounted to nearly 60,000. The democratic majority in the city was 24,488—leaving the net Republican majority in the State nearly 28,000. The Tribune thinks that none of the democratic county majorities can be increased this year—nor the city majority: while the Republican majorities will be at least maintained, if not increased. If the October elections shall go overwhelmingly Republican, the majority in the State of New York will probably rise above 50,000.

Interesting Correspondence—A Model Assessor.

The Tribune says:—"As the author of 'My Policy' was so prompt and earnest last year in rebuking attempts to levy party contributions on Federal officeholders, we beg leave to call his attention to the following interesting and piquant correspondence:

Room No. 127, Astor House, New York, Sept. 14.

Sir—The undersigned, a sub-committee of the Resident National Union Committee at Washington, accompanied by the Chairman of the National Finance Committee, visit New York for the purpose of obtaining money to be employed in the payment of the necessary expenses of the coming campaign, and request such aid as you may be disposed to render us, which will be properly applied.

Two of the officers here—a Collector and Assessor—have volunteered to raise the sum of Five Thousand Dollars each. You will oblige us by raising as much as you can, and sending it to us by Tuesday next.

Oblige us with a response by Tuesday next.

Yours, &c., CHAS. KNAPP, Chairman Finance Committee. C. WENDELL.

GEO. F. STEINBRENNER, Esq.

Mr. Steinbrenner's Response.

New York, Sept. 18.

Gentlemen—In response to your communication of the 14th inst., in which it is implied that a contribution of $5,000 for the purpose of defraying "the expenses of the coming campaign" is expected from me and my friends, I have to state:

That, during the four years in which I have held the office of Assessor of the VIIth District in New York, I have not received through my official position one dollar to which I am not entitled by law, and am, therefore, personally, utterly unable to respond in the amount proposed; and to attempt to collect this amount from the citizens of the District would place me in such relation toward tax-payers as would be incompatible with the proper discharge of my official duties, and I respectfully submit that these facts furnish ample reason why I should decline acceding to your request.

But I received my appointment as Assessor at the hands of our martyr President, Abraham Lincoln; and, setting aside every other consideration, I am not inclined to dishonor his memory nor to disgrace myself by turning my back on the party whose efforts and fidelity to the Union and to freedom elevated Abraham Lincoln, and after him Andrew Johnson, to the Presidency.

Gentlemen, I remain, with much respect, Yours, &c., GEO. F. STEINBRENNER, Assessor VIIth District, N. Y.

To Charles Knapp, Esq., Chairman Finance Committee, and C. Wendell, Esq.

The New England Temperance Convention held this week at Boston was largely attended by delegates from all the States, and its proceedings embraced essays and speeches of much value and interest upon various topics important to the success of the cause. The first resolution renders thanks for the increased interest in the temperance cause and the great attendance on this occasion; the second recognizes and calls upon all Christian churches and the various Temples of Honor to co-operate with them; the third asserts the moderate use of liquors as dangerous; and demands the enactment and enforcement of laws which will prove a terror to evil doers; that a license law is wrong and prohibitory laws are right; that those who live by violating the law are not impartial judges of the law, and they should be purged from the jury box; recommending the formation of district organizations as auxiliary to vigorous State organizations; and asserts that the practice among medical men to prescribe spirituous liquors affords no equivalent results for the evil thereby produced.

A FEW JOHNSON CANDIDATES.—In the Third Pennsylvania District, the Charles Buckwalter who is now running for Congress on the regular Democratic ticket is the same who said at a mass meeting in Philadelphia in 1864:—

"I would sooner shake hands with that noble patriot Clement L. Vallandigham, than with that black-hearted traitor Abraham Lincoln."

The Democratic candidate, in the Ninth Ohio District is one T. P. Finebrock, who is on record as having publicly declared in 1862 that "the Northern soldiers were a "pack of bloodhounds," chasing down and "murdering the people of the South," and "that the South was right."

A while ago Mr. Louis Schaefer, of Canton, Ohio, sent a hundred dollars to Henry A. Wise for the Orphan Asylum at Richmond. None had a right to find fault with his charity, but the donor blazoned his benevolence in a card, in which he glorified himself by declaring that he had—

"Never voluntarily contributed a farthing, nor ever spoken one encouraging word, in favor of either of our late abolition rebellions, one headed by John Brown and the other by Abraham Lincoln."

Yet this man is put forward as a candidate for Congress by the party supporting the policy which, as Mr. Johnson declares, he inherited directly from President Lincoln.—[Boston Adv.

THE CONNECTICUT TOWN ELECTIONS.—The Hartford Courant says that the Republican gains over last year's votes are surprisingly large. In almost all the towns thus far heard from, the Republican majority has largely increased, showing that Union voters are *being made* throughout the State, and that the party is not at a stand still. In a few towns local dissensions had a bad effect, but the result on the whole is gratifying. The Courant says:—

"About one hundred and forty of the one hundred and sixty-three towns of the State held their election on Monday. We give the complexion of seventy-one towns, which foot up forty-three Republican and twenty-eight Democratic. By a comparison with the returns of last fall, we find that the Republicans have gained four towns, and also lost four. The aggregate vote, however, their cargoes for want of boats. Much of shows large gains for the Republicans."

RAPID INCREASE IN THE POPULATION OF THE UNITED STATES. Returns lately sent in to the Census Office show that, notwithstanding the ravages of our late war, the population of the United States has been and is increasing at the rate of a million a year. The West and Northwestern States are mainly absorbing this added population. Our population to-day is probably not less than thirty-six millions. In 1870, when the next government census is taken, it will probably exceed forty millions.

We doubt the story that a democratic procession recently perpetrated the following "joke" among its transparencies:

"We are in favor of negro suffrage—the way they suffered in New Orleans."

Reports from England say that the rainy weather having ceased, and a fine harvesting season set in, there will not be such a failure of the cereal and other crops as was feared. The cattle plague has again broken out in sundry places.

In 1850, before the war, the valuation of Boston was $276,000,000. This year it is $415,000,000. A portion of the increase, but not half of it, is due to the increased valuation of real estate caused by the increase in currency.

The San Andreas (California) Register of Sept. 1st, contains six columns of tax collectors' notices, real estate (mostly mining claims) advertised for non-payment. The sums due are from $1 to $100. The same paper says some Mexicans have just discovered rich quartz near Murphy's from which they crushed enough in a mortar to obtain 28 ounces of gold in a day.

MUNIFICENT SUBSCRIPTIONS. Zion's Herald has the following in regard to the recent Methodist Centennary meeting in New York city:

In another column our readers will find a full report of an enthusiastic Centennary meeting, held in the metropolis. Subjoined are some of the largest subscriptions:

Daniel Drew,	$250,000
Two Friends,	75,000
James Bishop,	30,000
Oliver Hoyt,	25,000

C. C. North,	10,000
W. W. Cornell,	7,000
John Stephenson,	5,000

The New Haven Palladium says that the returns of the Connecticut town elections indicate that if the gubernatorial election were to occur to-day, Connecticut would give at least 5000 Republican majority. The Hartford Press says that thus far the Republicans have gained eight towns to the Democrats four.

Rear Admiral F. H. Gregory, one of the oldest and at the same time one of the most efficient and valuable officers of the U. S. Navy, died at Brooklyn, N. Y., at the age of 77.

Even Mr. Vallandigham is not so poor as to profess a reverence for the President.—During the disturbance on his appearance at Warren, Ohio, he said: "If the President of the United States sees fit to engage in wrangling with blackguards on the outskirts of the crowd, why I am neither President nor a candidate for the Presidency, and I will do no such thing."

A lunatic stole a locomotive with steam up at Centralia, Illinois, one day last week, and ran it off down the track at a fearful rate of speed. The fireman and a brakeman were asleep on the engine when it started, and after a desperate struggle with the maniac secured him in time to prevent any serious accident.

KNOWLES'

Vegetable Hair Restorer!

AS A HAIR PREPARATION this stands without a rival—has proved itself by the thousands who have tested its virtues for the past three years,

THE ONLY RELIABLE RESTORER

Of Gray, Faded, or Diseased Hair, to its original color, condition and former beauty.

It is not a *Dye*, being a Vegetable Compound, and not injurious in its application; but is warranted to restore Gray, Faded, or Diseased Hair to its original color in 20 days.

By its invigorating properties, promotes a luxuriant growth on Bald Heads, in all cases where such a result is possible; prevents the hair from falling off; eradicates dandruff, humors, and all other impurities from the scalp; and as a Restorer and Dressing combined, it has no equal.

The great and increasing sales of this preparation attest the high value in which it is held; and the fact that its reputation has been established solely upon its own merit and worth—the trial of a single bottle will convince the most skeptical of its virtues.

AMERICAN ORGANS

THE AMERICAN ORGANS ARE THE ONLY REAL REED ORGANS now before the public. The only Organ having a REVEBERATING SOUND BOX or WIND CHEST—which has the same important part to perform as the Sounding Board has in the Piano Forte (to give body and resonance of tone) and without which the Organ becomes merely a Melodeon in an Organ Case. The American Organs not only have the Wind Chest or Sound Box, but have the large Organ Bellows, giving power and great steadiness of tone. These with their extreme fine voicing of the Reeds and perfecting of the tone, make them the MOST PERFECT ORGAN KNOWN. These great improvements and superiority of tone and workmanship of the AMERICAN ORGANS place them in the front rank as the best, and command a higher price than any other reed instrument in the market. A careful examination of them, in comparison with others, will quickly show their superiority.

WASHINGTON, Oct. 5.

Assistant Secretary of State F W Seward has been appointed Secretay of State ad interim, owing to the sickness of his father, who, without waiting, to recover fully from his previous attacks, devoted himself too closely and for many hours a day to his official duties. The appointment of his son, thus relieving him from business cares, will afford him a better opportunity to recover his health.

WASHINGTON, Oct. 5.

Several cases of cholera have occurred in this city within a few days. One of the patients recovered.

Ebenezer Moore, principal clerk in the office of Register of the Treasury, was on Wednesday night attacked with cholera, resulting in his death.

A case was reported to-day, but not yet pronounced Asiatic cholera.

Secretary Seward, who was taken ill last night with a return of his late attack—the relapse being occasioned by over-exertion—was this evening considered improving.

The Light at Sharp's Island, Chesapeake Bay, (formerly exhibited from the bluff) has been discontinued, and a new structure, on piles, erected in four and a half feet water, mean tide, bearing N W ½ W, distant one-third of a mile from the old Light. The new structure will be lighted for the first time on the evening of October 20th.

Comparison of September with October statement of the public debt shows a decrease of twenty-two and a third millions—it now being $2,573,337,000; amount of coin in the Treasury, over eighty-six millions, or an increase of nearly ten millions, while currency has decreased fourteen and one-third millions—the amount of both coin and currency being over one hundred and twenty eight millions.

S. S. Richards was appointed Postmaster at Saco, and S. D. Clay at Gardiner, Maine, to-day. Sixteen other postmasters in other parts of the country, were also appointed by the President.

Rear Admiral Dahlgren has been ordered to take passage the 1st of December to command the South Pacific Squadron.

Twelve hundred quarterly reports of National Banks, out of sixteen hundred and sixty now due, have been received by the Comptroller of Currency. They show the banks to be in a sound condition.

The Commissioner of Internal Revenue has decided that rubber boots and shoes are subject to a tax of five per cent. as articles of wearing apparel. The tax on boots and shoes manufactured of leather is only two per cent.

PHILADELPHIA, Oct. 5.

About noon today an accident happened to the New York and Washington through train while passing through West Philadelphia. The engine was thrown from the track, and turned over upon its side. Two baggage cars, immediately in the rear of the engine were also overturned. Vernon Lewis the fireman, was killed, and the engineer seriously injured. The track was cleared after a short delay, and the train proceeded.

ALBANY, N. Y., Oct. 5.

Last evening two young ladies, Misses Hattie Hewitt and Theresa Heath, were struck by the steamboat express train going east, on a street crossing at Amsterdam.—Miss Hewitt had both feet crushed off, and was otherwise injured. The other lady was not badly hurt.

NEW HAVEN, Oct. 5.

The funeral of Rear Admiral Gregory was attended to-day from Trinity Church with military honors. Minute guns were fired, bells tolled, and business generally suspended in respect to his memory.

Dr. Harwood, rector of Trinity Church, and Chaplain Hitchcock, U.S.N., officiated.

Commodore Ringgold, Commodore Hunt, Commander Ransom, Chief Engineer Danby, Governor Dutton, Judge Blackman, J B Robertson and A L Kidston, acted as pall bearers.

The funeral cortege was extensive and imposing.

AUGUSTA, Ga., Oct. 5.

Considerable feeling is exhibited throughout Georgia on the subject of repudiation.—It is thought that an effort will be made, on the meeting of the Legislature in November, to relieve the people from the payment of certain debts contracted prior to and during the late war. The plea urged for repudiation is the loss of slaves and the failure of the crop. The amount of property returned in the State for 1866 is $207,000,000; in 1860, $620,822,777—loss to the State, over $465,000,000.

Cotton active—sales 640 bales—middling 36 a 37c.

PHILADELPHIA, Oct. 5.

At the close of the meeting of conservative men, in front of Independence Hall, a disturbance followed, which resulted in the severe wounding of one or two policemen and several citizens. There are different accounts of the origin of the disturbance, which only lasted four or five minutes.

FORTRESS MONROE, Oct. 4.

A large number of North Carolinians, in charge of Northern Emigrations societies, arrived here to-day, en route to States of the Northwest.

Five Cadets of the recent graduating class at West Point, have been assigned to the Fifth Artillery.

PHILADELPHIA, Oct. 6.

A very enthusiastic meeting here to-night addressed by Judge Parsons, Heister Clymer and others.

NEW YORK, Oct. 5.

Advices by the Persia state that the result of the British harvest was expected to be less discouraging than had been supposed.

The weekly returns of the Bank of France show a decrease in cash of 6,900,000 francs.

The payment of the interest of Mexican rentes has been deferred in consequence of want of funds.

The French consulates in Peru, Morocco and Chili, are to be raised to the rank of legations.

The bullion in the Bank of England has increased £248,739.

The Paris money market was easy but there was a general want of speculative confidence.

Shipments of bacon from Liverpool to New York continued.

NEW YORK, Oct. 5.

The steamers South Carolina, Pampero, Marigold, Spirea, Octorara, Tritoria and Sebago, were sold at auction at the Navy Yard to-day, at prices ranging from $500 to $71,000.

BOSTON, Oct. 5.

The Congressional Convention for the 3d District met this afternoon.

Hon. A. H. Rice, the present member, was nominated by acclamation for Representative, but he positively declined to serve.

The first balloting resulted in the choice, Wendell Phillips receiving 9 of the 112 votes cast, Whiting 25, and Ginery Twitchell 59.

At the second balloting Ginery Twitchell of Brookline was nominated—he receiving 93 out of the 108 votes cast. Mr. Twitchell is President of the Boston and Worcester Railroad.

DETROIT, Mich., Oct. 5.

The National Horse Fair at Kalamazoo closed to-day.

The $1000 premium for best trotting horse was competed for by Dexter and Patchen.—It was won by the former in three straight heats. Time—2,27, 2,21¾, 2,21¾. This is the best time Dexter ever made in harness. He failed to win the $1000 prize offered for the victor over Flora Temple's time—2,19¾.

PHILADELPHIA, Oct. 5.

Among the political demonstrations to-night was a grand torchlight procession of the Union Republican Club.

FORTRESS MONROE, Oct. 5.

Charles O'Connor arrived from Washington this morning, went inside the Fort, and remained, after consultation with Jeff Davis, all day. Purport of his visit unknown. He went North to-night.

WASHINGTON, Oct. 5.

Our consul at Curacoa, W. I., under date of Sept. 8th, writes—

"The authorities of this Island have this day declared a quarantine of forty days, including the days occupied upon the passage, upon vessels from any port of the United States."

SAN FRANCISCO, Oct. 5.

LOCAL AND STATE ITEMS.

PENOBSCOT COUNTY HORSE FAIR.—*Thursday Afternoon.* The first trial was for horses that had never trotted in less time than three minutes. The following named horses were entered: Billy Barlow, Hemlock, Oldtown Boy, French Maid and Billy Gray. Billy Barlow won in three straight heats. Time 2,49, 2,55, 2,53.

A DASH.

The next was a dash between Billy Gray and Short Jaw, Billy winning the heat and race in 2:52.

RUNNING HORSES—BEST TWO IN THREE.

A. Nelson	entered	Lady Nelson.
Ash Savage	"	Nimrod.
Geo. Robinson	"	Gen. Carney.
H. Coburn	"	Ned.

This race was very spirited, creating much enthusiasm and eliciting merited praise, both for the quality of the horses and the skill of the drivers.

Nimrod won in two straight heats. Time 1:58, 1:59.

The closing race was between the young stallions McClellan, entered by O. M. Shaw, and Jimmy, entered by Ash Savage. Best two in three.

McClellan won the two first heats in 2:39 and 2:36.

—Rev W. Kellen, to-morrow afternoon in the Pine St. Methodist Church, will preach a funeral sermon on the death of John Kellen, Jr., who was a member of the 2nd Maine Regiment, and subsequently a member of Baker's Cavalry, who perished in a rebel prison at Charleston, Charleston, S. C. Relatives and friends are invited to attend.

BANGOR HORTICULTURAL EXHIBITION. The editor of the Ellsworth American, who has been here, speaks of the exhibition as follows: "The display is in the highest degree creditable, to not only Bangoreans, but to the citizens of several of the surrounding towns, who have contributed to the collection. There may have been display of fruit in excess of this, in the State, but we have never seen it exceeded. What particularly struck us was the large number of varities exhibited, and by each individual. Grapes that would do credit to any culture and climate; Pears that were ripe and large, were scattered profusely over the tables, not carelessly thrown around, but in profuse quantities as specimens, but tastefully arranged. The display of squashes, turnips, beets, &c., was more than creditable, and Hubbards are particularly fine. The tables were handsomely decorated with elegant bouquets, which with the taste and skill displayed in arranging the articles, seemed to make the display in the evening a rich one."

FALL AND WINTER ARRANGEMENT.—The public services at the different churches to-morrow (Sunday) afternoon will commence at 2½ o'clock, instead of 3¼ as before. The bells will ring at two.

—The St. Stephen Branch Railway will be finished through to St. Andrews in about a week, as the Calais Advertiser says.

—A grand Indian foot race was to come off at Calais yesterday—Thomas Francis Wolf, the Penobscot Champion, against the whole Passamaquoddy tribe—for $500, as we learn from the Advertiser.

—A partial solar eclipse (one-seventh of the sun's diameter) occurs on Monday next—commencing soon after 11 A. M., and ending at 1 P. M.

—The Governor and Council will make a visit to the Normal School at Farmington on Wednesday next.

—A horse valued at $150, belonging to Mr. Anderson of Effingham, N. H., was found dead in his stall in Mr. Dearborn's stable in Westbrook, Sunday morning; from appearances it is supposed some wretch knocked him on the head.

—Mr. Upham of Portland (formerly of Bangor) who lost about all his property in the great fire has gone into the commission business with Mr. C. K. Adams, late of the Preble House, as we see by the Press.

—A correspondent of the Portland Star says that while the Bank Commissioners, Messrs A C Robbins and F C Webb, were at the Mercantile Bank in this city, on Thursday, the former gentleman was struck insensible and remained so about three quarters of an hour, when he was recovered by restoratives, and was as well apparently as before.

—The Press says a hearing on the petition of John E Donnell and 200 others, for the removal of Spencer Rogers, Esq., Chief Engineer of the Fire Department, for incompetancy, took place last evening before the City Council. But small progress was made. The charges made are "that had he been competent and had capacity sufficient, with ordinary judgement, such as the office would, and does require, that the great destruction of property and suffering might have been avoided (at the great fire).

—Mr Kirby, a teamster of Portland, being bitten by a vicious horse, knocked him down with a piece of board, and he was laying there at last accounts, according to the Press. The blow will cost the owner $150 probably, that being the value of the animal.

LEGISLATIVE SPECULATIONS. The editor of the Biddeford Journal writes from Augusta:

I hear of several names mentioned in connection with the organization of the legislature elect. For the Presidency of the Senate, Porter of Burlington, Burpee of Rockland, and Woodman of Portland are named. Some think that Hersey of Bangor may be taken up in spite of himself, in view more especially of a future contingency not necessary now to repeat. For Speaker of the House there will be two candidates sure, Barker of Stetson and Woodman of Bucksport, and perhaps half a dozen more. I understand that Gen. Perry of Oxford is a candidate for Secretary of State, but the present incumbent is very popular, and it may be hard work to show any necessity for a change. If there should be any change in the Treasurer's office, Nathan Dane of Alfred would probably be the first choice on nineteen twentieths of the legislature, although I do not learn that he is a candidate for that position.

—The Lewiston Journal says that a grand-child of Mr. Seth Sampson, of Buckfield, was burned to death Monday, from her clothes taking fire from a fire built up out of doors by some children. The little girl was two years old.

—The Bath Times says there is an old lady of 78 in that city who spins five pounds of woolen yarn daily. She can have but little time for spinning street yarn—but then the young ones do that.

—The Ellsworth American says: "We undertook to farm this year, and we stump the world to beat us on a crop of weeds."

—The Belfast Journal says that Emery Sawyer of Searsport was robbed of a wallet containing $30 on Saturday night last. The rogues missed a pocket book containing several hundreds. There was an odor of chloroform about the premises next morning.

—Dr. Pendleton, of Belfast, has sold his elephant's skeleton to a Natural History Society in Boston, as the Journal says.

—The Kennebec Baptist Association recently held at Waterville represented sixteen churches, eight of which have been destitute of pastors during the past year.

—The Belfast Journal says that Miss Lizzie McKellar of Rockland, who was injured by the upsetting of a coach at the Methodist camp meeting, at Northport died last week of her injuries.

—The Kennebec Journal says the staging in front of the National Granite Bank has been removed, and shows the handsomest front of any similar building in the State.

—The Aroostook Times says "it is generally conceded that the lumbering business will be very brisk the coming winter. We know of several parties that are making preparations to commence operations early this fall."

THE GOOD TEMPLARS. The ninth semi-annual session of the Grand Lodge of Maine I. O. of G. T. will be held in Bucksport on Tuesday, Oct. 9th. Delegates from Portland who go by the Penobscot river boats will be furnished with *free* return tickets. The Maine Central and Kennebec and Portland R. R. Companies also extend the same courtesies to members of the order.

—The Ellsworth American curtly remarks that the edgings and other debris of lumber manufacture must be removed from Union river, or the village be removed below the obstructions.

—The Lewiston Journal says that W. F. Garcelon, esq., was quite seriously, though not dangerously, injured in the face Wednesday afternoon, by a falling board striking him in the face.

—Wild pigeons have appeared in the Belfast market after being almost unknown in that region for years.

—The Gardiner Journal says that Dr. Plimpton was thrown from his wagon on Friday last, striking on his face. He was taken up insensible, and remained so for some time. He was not seriously injured, and is doing well. It was a narrow escape for him.

—The Board of Trustees of the lecture Fund of the Grand Division of Maine Sons of Temperance desire to engage a competent Temperance Lecturer for six months from Oct. 1st.

—The Machias Union says that the house at Harrington, owned by Capt. Temple Allen, and occupied by Otis P. Coffin and E. L. Hall took fire from the chimney, Sept. 22d, and was so much damaged as to render it untenable. The fire was extinguished by the aid of the force pump from the brig Gazelle.

—The Portland Argus is informed that on Wednesday as the carpenters were in the act of placing a heavy beam for the upper floor on the walls in place in Greenough's new store on Middle street, the side wall being green, was crushed by the weight and a portion of it fell, carrying with it a window frame and the staging beneath. A French Canadian, who was at work at that spot, and was thrown down, outside the wall to the ground, a distance of more than thirty feet, striking on his head on the fragments of brick and rubbish, was instantly killed, his head being crushed in a shocking manner. A bricklayer at work near by was also badly cut, and a carpenter named Leonard Brown, who was assisting to lay the beam in position, was knocked down and fell into the cellar of the store, and was considerably injured. Two or three others were slightly injured.

GENERAL ITEMS.

A dreadful fire broke out on the evening of the 28th of August, in the town of Bodenstadt, in Moravia, which was almost entirely reduced to ashes, some four hundred houses, with the castle, the parsonage, and the two churches becoming a prey to the flames. Six persons are known to have perished in the flames.

—Mr Morgan Smith, a colored man from the United States, has made his debut in London, and it is said that in the character of "Othello," he gave from first to last the most chaste and finished readings, and was called before the curtain by the most deafening and long continued applause.

—Besides the price of admission to a London theatre and the extra charge for a reserved seat, one is expected to fee an attendant with a shilling for taking care of his hat, to buy a programme for three pence and to "remember" one or two ushers and porters on the way out.

—The proposition made to send from California a section of the "Original Big Tree" to the World's Fair at Paris is said by Dr Macgowan to be impracticable, for want of a saw long enough to cut it. The cutting will require a saw 40 feet long.

An excellent turn was made at dinner table by Judge Hoar, of Massachusetts, too good to be lost. A gentleman remarked that ——, who used to be given to sharp practice, was getting more circumspect —"Yes," replied Hoar, he has reached the superlative of life—he began by seeking to get on, then he sought to get honor, and now he is trying to get honest.

Leigh Hunt, calling upon a young lady, who, having received that morning a letter announcing the serious illness of a friend, excused her red eyes by saying, "I am very sad you see!" replied, "You are very fair I see!"

A stray contraband from down south was lately inspecting a horse power in operation, when he broke out thus: "Mister, I have seen heaps of things in my life, but I never saw anything whar a horse could do his own work and ride too."

Mark Twain tells of a member of the Washoe Legislature who always used to prop his vast feet upon his desk and get behind them and eat a raw turnip during prayer by the Chaplain.

"Does the razor take hold well?" said the barber who was shaving a gentleman from the country. "Yes," replied the customer with tears in his eyes, "it takes hold first rate, but it don't let go worth a cent."

Notice to Mill Owners and Millwrights.

Improved Lever Pressure Centre Vent ECONOMIZING

WATER WHEEL!

Invented and Patented by W. R. Close, BANGOR, MAINE.

THE Subscribers would ask the attention of Mill Owners and others interested in Water Wheels, to their *Patent Centre Vent Wheels*, manufactured at T N. Egery's Foundry.

We claim superiority over other Wheels for various reasons, the chief of which is the economical use of water. Trials of these wheels the past season have demonstrated the fact that they will do the same work with one half the water required for any other wheel used on the Penobscot River.

2d.—The amount of water vented upon the wheel is self-regulated, by a device embodied in the Patent; hence, when the saw is out of the cut, or the labor is in any way decreased, the speed of the wheel remains the same, thereby avoiding shocks to the machinery, and those break-downs which result from the sudden acceleration of speed, when a wheel does not regulate itself.

3d.—This is an anti-freezing wheel; by a patented arrangement, that trouble in wheels run in Northern climates is avoided. This wheel needs no "cutting out;" it never freezes.

4th.—It is equally well adapted to both horizontal and vertical Shafts; it is cheaper than any other Wheel, and can be readily applied to any old wooden or iron shaft without change of gearing.

☞ By using this Wheel, a large majority of Mills can run double the time that they now do, for the reason that it can run with half the water required for any other; hence all those owning mills upon streams where the water is limited, will see the advantage of using these wheels.

BANGOR, Sept. 21, 1866.

Messrs. Dinsmore & Close:—Having put in operation, in our new Saw Mills at West Great Works, Oldtown, one of your new patent Mill Wheels, manufactured at Egery's foundry in this city, and fully tested it, we take pleasure in saying that it more than meets our expectations. We are now driving with it, under a nine and one-half feet head, a Clapboard, Sapping, and Shingle machines; Shingle jointer and two cutting-off saws, with but 20 inches of water, admitted or let on to the wheel through a trunk or spout measuring 12 inches wide and 17 inches high. Its operation gives us entire satisfaction, and we consider it superior to any other wheel within our knowledge, and cheerfully recommend it to all in want of wheels.

W. H. SMITH,
WM. T. PEARSON.

BANGOR, Sept. 21, 1866.

Having witnessed the operation of the above Water Wheel, in the mills of Messrs. Smith & Pearson at West Great Works, also in the mill of Messrs. Copeland, in Holden, and in Messrs. Comins' mill, in Bradley, both driving a 50 inch circular saw mill, I can with full confidence recommend them as possessing and combining qualities for power, economy in water, regularity of speed, and cheapness of construction, over any other water wheel known to me.

THOS. N. EGERY.

WEST GREAT WORKS, Oldtown, Sept. 26, 1866.

Having as millwright, under the direction of Messrs. Smith & Pearson, charge of the erection of their new saw mills at this place, in which one of Close's Patented Water Wheels has been put in operation, I fully concur in the opinion given by Messrs. Smith & Pearson and Mr. Egery, as to the merits of said wheel.

DAVID GATCHELL,
Master Millwright.

NEWPORT, Sept. 24, 1866.

Messrs. Dinsmore & Close:—This may certify that I assisted the past summer in putting into the West Great Works mills at Oldtown, for Messrs. Smith & Pearson, one of your Patent Water Wheels, of seven feet diameter, made at T N. Egery's foundry, and am pleased to say that in my opinion it requires for its successful operation the least quantity of water of any wheel I have ever seen, and I cheerfully recommend it to all who may be in want of wheels, especially upon privileges where the amount of water is limited.

J. G. CHANDLER, Millwright.

HOLDEN, April 12, 1866.

Messrs. Dinsmore & Close:—This may certify that I have lately removed from my saw mill a "Brastow Water Wheel," and put instead one of your Water Wheels, and after a thorough trial I am satisfied that I can saw twice the amount of lumber I formerly sawed, and use not more than one-third the amount of water formerly used with the Brastow Wheel, which wheel I have always considered a very economical one, on a privilege where the amount of water was limited. And I take pleasure in recommending your Wheel to all who use water wheels, especially to such as have a limited supply of water.

THOMAS R. COPELAND.

I concur in the above statement.

CHARLES COPELAND.

The price of these wheels are as follows:—7 feet diameter wheel, $160; 5 9-11 feet do., $155; 5 feet do, $135; 4 feet do., $125.

☞ For full particulars, address or apply to the Proprietors of the Patent, or examine the Wheels at the Foundry of T. N. EGERY, at Bangor, where they are manufactured.

"THE TWO AUTUMNS."

BY GEO. ARNOLD.

The tall grass waves o'er lonely graves,
The golden sunshine floods the meadow,
And in the breeze, the willow trees,
That guard the tomb of Eloise,
Wave to and fro, with flickering shadow.

And here I sit, while bright birds flit
Among the gravestones whitely gleaming,
And muse away the summer day
Beneath the vines' and willows' sway—
On that fair maiden's memory dreaming.

O'er fields unknown the poppy shone,
The earliest rose had hardly perished,
When she confessed that in her breast
Young Love had throned, a royal guest—
My image there alone she cherished.

O, happy hour, when from her bower,
With clambering grapevines close entangled,
We saw the moon of leafy June
Rise calmly o'er the wide lagoon,
And climb the sky with bright stars spangled.

Her deep blue eyes, like tropic skies
No less profound, and never colder,
Were fixed on mine with gaze divine,
And, golden as the German wine,
Her regal ringlets swept her shoulder.

Her little hand, which scarcely spanned
With timid clasp my first three fingers,
Her lip, her cheek, which bees might seek;
Her voice—but, ah! mere words are weak
To paint the joy where memory lingers!

The Summer past, and Autumn's blast
Bleakly swept across the heather;
The bright leaves browned, neath skies that frowned,
When whirled in circles to the ground,
And strewed the paths we trod together.

O, heavy grief! with Autumn's leaf
They told me that her days were numbered;
She passed away—her mortal clay
In death's pale beauty silent lay,
As calm as if she only slumbered.

About the tombs the laurel blooms,
I hear the bees above it humming,
The zephyrs sigh, in floating by;
They bring the scent of ripened rye,
And tell another Autumn coming.

Far down upon the horizon
A purple blaze is softly falling,
The fading rose of Summer goes,
And distant bells, at day's repose,
Unto my inner ear are calling.

Ah, dreamily they say to me
That these who here are called to sever,
Are elsewhere blessed with peace and rest,
And I, unto this lonely breast
Shall clasp my Eloise forever.

Mr. Nasby Completes the Circle with the Presidential Party.

White House Washington, D. C. }
September 12th, 1866. }

I rejined the Presidenshel party at Looisville, and glad I am that I did it at that pint. His Imperial Serenity had been pleased ever since he left Chicago, or rather since he got near St. Loois, for two thirds uv Illinois wuz pizen and Indianapolis wuz pizoner. From St. Loois the recepshuns were trooly corjel and even enthusiastic. We got out uv the region uv aristocrats and had come down to the hard-fisted yomanry. I seed thro the hats uv men, I seed wot might be called the flag uv Democracy, waving from behind 'em, wich ez they generally hed no coats at all, or et any they were roundabouts, wuz alluz in view. I saw wimin who disdained stockens and dipped snuff, and I fell to hum. I was among Democracy. The cheerin for Grant and Farragut closed ez we got into them regions, and uv the verocious crowd, half uv 'em, the younger ones, cheered Andrew Johnson, while the old veterans, those whose noses was blossomin for the tomb, cheered for Andrew Jackson. His Serenity smilingly acknowleged both by makin a speech to 'em and wavin his hat.

With these preliminary remarks I resume my diary.

There wuz the finest display uv banners and sich I heve seen since we started. The red white and blue wuz displayed from almost half the houses, ladies waved their handkerchiefs ez we passed, and men cheered. A pleasin incident occured here. I noticed one gushin maiden uv thirty-seven, wavin her handkerchief ez tho she wuz getting so much per wave and hed rent to pay that night. I recognized her at wunst. When I wuz a citizen uv the United States, and clothed in a bobtailed blue coat, and hed a Oystran muskit put into my unwillin hands and forced to fite gin my brethren, our regiment passed thro Looisville and stayed there some days. I was walking one afternoon, when I met this identical angel. She saw my blue coat, and enraged, spit in my face with sich energy that she threw out uv her mouth a full set uv false teeth. I returned 'em gallantly, wiped my face with my handkerchief, and vowed that handkerchief should henceforth be kept sacred. It wuz, and when I seed her wavin hern at our party, I wept like a Philadelphia Convenshun. I stopped the carrage, met the patriotic female, called her attention to the incident and handed her my handkerchief, which hed four years before wiped her spittle. The incident gave new vigor to her arms, and from that time she waved two handkerchiefs, and mine wuz one uv 'em. I narrated the insident to the President and he wept.

There wuz a large percesshun and a great variety of banners. Among the most noticeable, wuz a company of solgers uv the late war, each with a leg off, dressed into the gray uniforms into which they hed bin mustered out, with this motto—"We are willin to go the other leg for A. Johnson." Another company uv solgers hed each lost an arm, carried this inscripshun, "Wat we didn't get by bullets, we shell get by ballots."

The President cut down his speech jest one half here—in swinging around the cirkle he omitted to menshen that he found traitors on the Southern side uv it. But he left the Constitution in their hands cheerfully.

CINCINNATI.—A very enthoosiastic recepshun—continyood and loud cheers for Grant, which the President acknowledged. A unsophisticated Postmaster, who jined us here, wanted to know why the people cheered for Grant instid uv the President to which His Highness answered that they wuz considrit—they knew his modesty, and wanted to spare his blushes. Another man, who wuz also unsophisticated, asked him, confidenshelly, if he didn't think there wuz a sameness in his speeches, and that ef he didn't think he'd do better to give a greater varity. His Eggslency asked him how there *cood* be more variety. "At Cincinnati," sed he I observed the following order.

1. I swung around the cirkle.
2. I asked who wuz the Savior ef I was Joodis Iskariot?
3. I left the Constitooshun, the 36 States and the flag with 36 stars onto it, in their hands.

Now at Columbus I shel vary it thusly;

1. The Constitooshun, flag and stars.
2. Joodis Iskariot biznis.
3. Swinging around the cirkle.

At Stoobenville' agin, ez follows:

1. Joodis Iskariot.
2. Swinging around the cirkle.
3. Constitooshun, flag and stars.

'And so on. Its susceptible uv many changes. I thot uv that when I writ that speech, and divided it up into sections on purpose.'

JOHNSTOWN, PA.—A platform fell down, onto which wuz 400 voters, killing a dozen uv em. His Eggslency felt releeved when heerin uv the axident, at his bein asshoored that there wuzn't wun uv his supporters on the platform. He considered it a speshal Providence. The condukter overheerd the remark and answered that ef eny uv his supporters wuz killed in that seckshun, they'd hev to import wun for the purpose.

MIFFLIN, PA.—A enthoosiastic indivijjile who wants the Post Offis at this place very much, fell on the President's neck and wep, hailin him ez the 'President uv the Union. The President thanked him for this spontaneous triboot, and left in his hands the Constitooshun, the flag and the appointment he desired.

BALTIMORE. There wuz a spontaneous resepshun here, which wuz gratifying to us. The percesshun was immense and the mottoes expressive. One division wuz headed by the identikle indivijooel who fired the first shot at the Massachusetts men in 1861. He is an ardent supporter of President Johnson's policy. One flag wuz once capchered from a Injeany regiment at the first Bull Run, at which the President wept. 'Things is becoming normal,' sed he, 'when the people will stand that. Wat love!—wat unity. The flags uv both seceshuns which wuz lately borne by foes, now minglin in the same percesshun, and all uv em cheerin ME.'

At last we arrived at Washington, hevin swung entirely around the cirkle and found traitors North and South. The demonstrashen to greet the President on his arrival, was immense. The clerks in all the Departments wuz out, (at least them ez wuzn't will wish they hed bin, ez their names wuz all taken,) the solgers on dooty ordered out, and altogether it wuz the most spontanious exhibition I ever witnest. The Mayor made a speech. President replied—If he wuz Joodas Iskariot who was the Savior—told him he hed swung around the entire cirkle and hed found traitors on all sides uv it, though sence he left Cleveland, Chicago and Indianapolis, he wuz satisfied there wuz the heft uv them in the North, but be this ez it may, he left the Constoobshun and the tyirty six States, and the flag with 36 stars onto it in his hands. He hed been Aldermen of his native village, and Congressman, and United States Senater and Vice President, wich latter circumstance he considered for chinit, but waz, after all, an Humble Indivijjle. He didn't feel his oats much, and wood do his dooty agin traitors North ez well ez agin hiz misguided friends South.

And so ended the Presidential excursion.

PETROLEUM V. NASBY, P. M.,
(wich is Postmaster,
(and likewise chaplin to the expedition.)

P. S., I forgot to menshun that at Chicago we laid the corner stone uv a monument to douglas; The occurrence had entirely slipped my memory. P. V. N.

FIRST MORTGAGE BONDS OF THE CENTRAL Pacific R. R. Co. OF CALIFORNIA.

Interest at the rate of Six per Cent. per annum, payable Semi-Annually, on the First days of January and July.

Principal & Interest payable in U. S. Gold Coin in the City of New York.

Amount of Issue, $7,336,000.

In Coupon Bonds of $1,000 each.

The Bonds have Thirty Years to run, and are secured by a First Mortgage, constituting an absolute prior lien on that portion of the Road, Equipments, Franchises, and Entire Property of the Central Pacific Railroad Company, located in the State of California, and extending from Sacramento City to the California State Line, forming a part of the GREAT PACIFIC RAILROAD ROUTE, adopted and aided by the UNITED STATES GOVERNMENT.

The amount of these First Mortgage Bonds to be issued per mile is limited by law to the amount of United States Bonds allowed and issued to aid the construction of the Road; and the Mortgage by which they are secured is *declared by Act of Congress to constitute a lien prior and superior to that of the United States Government.*

The aid received from the Government (in amount equal to this First Mortgage) is economically and judiciously applied to the construction and equipment of the Road, together with nearly $7,000,000, received from [sub]scriptions and other [sources]. [The] First Mortgage therefore an[ounts] to but about 35 per cent. of the [actual] cost and value of the Property [which] it covers.

The road is now completed, equipped and running from Sacramento City to Alta, a distance of 73 miles, and the earnings for the three months ending August 1st were as follows, viz.:

May,	1866	$65,115.83
June	"	67,429.78
July	"	85,000.00

IN GOLD.

The earnings are steadily increasing, and are estimated at over $100,000 in Gold for the month of August,—the official report for that month not having been received at this date.

The construction of the road is going vigorously forward,—24 miles additional being nearly ready for the cars,—and it will probably be in full operation to the California State Line—156 miles from Sacramento City—during the summer of 1867, when its earnings must be very large, as the entire trade of Nevada, and a large proportion of that of Utah, Idaho and Montana must pass over its line. It has been shown by reliable statistics that in 1863 over $13,000,000 in Gold was paid for freighting goods from California to Nevada alone.

This part of the Great Pacific Railroad Route is destined to be one of the most profitable lines of railroad in the world, and its First Mortgage Bonds are among the best secured and most desirable investments ever offered.

Over $1,000,000 has already been expended in grading beyond the point to which the road is now running, and the iron is bought and paid for sufficient to lay the track the entire distance to the State Line.

The Road has been completed and equipped thus far without the sale of a single dollar of its First Mortgage Bonds, and they are now offered to the public for the first time, after the earnings of the Road have reached the sum of $100,000 per month in Gold, only about 25 per cent. of which is required for operating expenses.

The Bonds are offered at 95 per cent. and accrued interest from July 1st, in Currency. Orders may be forwarded to us direct, or through the principal Banks and Bankers in all parts of the country.

Remittances may be made in drafts on New York, or in Legal Tender Notes, National Bank Notes, or other funds current in this city, and the Bonds will be forwarded to any address by Express, free of charge. Inquiries for further particulars, by mail or otherwise, will receive punctual attention.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all disease originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

L

SCROFULA,
STRUMA, GLANDULAR SWELLINGS,
ULCERATION, KING'S EVIL,
ERYSIPELAS, SALT RHEUM

This taint (HEREDITARY and ACQUIRED,) filling life with untold misery, is by all usual medical remedies incurable.

RHEUMATISM.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in rheumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced. Cases, chronic or vicarious, of twenty or thirty years standing have been cured.

I

NERVOUSNESS.

Nervous Debility, Shattered Nerves,
St. Vitus' Dance, Loss of Power,
Confusion of Thoughts, Epilepsy.

Thousands who have suffered for years will bless the day on which they read these lines. Particularly to weak, suffering women will this medicine prove an inestimable blessing—directing their footsteps to a Hope which fulfills more than its promise.

MERCURIAL DISEASES.

Salivation, Rotting of Bones,
Bad Complexion, Aches in Bones,
Feeling of Weakness, Depression of Spirits.

F

CONSTITUTION LIFE SYRUP purges the system entirely from all the evil effects of MERCURY, removing the Bad Breath, curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the Teeth as firmly as ever.

CONSTITUTION LIFE SYRUP

Eradicates, root and branch, all Eruptive Diseases, of the Skin like

ULCERS, PIMPLES, BLOTCHES,

and all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

E

CONSTITUTION LIFE SYRUP

CURES ALL SWELLING OF THE GLANDS,

Either of the Face, Neck, or Female Breast, and should be taken as soon as the swelling is detected, thus preventing their breaking, and producing troublesome Discharging Sores, which disfigure so many of the younger portion of the community, from six to twenty years of age. Young children are very subject to Discharges from the Ears, which depends upon a Scrofulous constitution. These cases soon recover by taking a few doses of the Life Syrup.

S

All scrofulous persons suffering from general Debility, Emaciation, Dyspepsia and Dropsey of the limbs, abdomen, and in the female, Dropsey of the ovaries and womb, generally accompanied with inflammation and Ulceration of the Uterus, are permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck the Life Syrup will remove entirely. The remedy should be taken for some time, as the disease is exceedingly chronic and stubborn, and will not be removed without extra effort.

Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body, will be completely reduced without resorting to the knife, or operations of any kind.

Y

Epileptic Fits, Sympathetic or Organic Disease of the Heart, as palpitation, Disease of the Valves producing a grating or filing sound, Dropsy of the Heart Case and all the affections of this important organ (persons suffering from any acute pain in the region of the heart), will be greatly relieved by Constitution Life Syrup.

BROKEN DOWN AND DELICATE CONSTITUTIONS SUFFERING FROM INDISPOSITION TO EXERTION, PAIN IN THE BACK, LOSS OF MEMORY, FOREBODINGS, HORROR OF CALAMITY, FEAR OF DISEASE, DIMNESS OF VISION, DRY, HOT SKIN AND EXTREMITIES, WANT OF SLEEP, RESTLESSNESS, PALE, HAGGARD COUNTENANCE, AND LASSITUDE OF THE MUSCULAR SYSTEM, all require the aid of the CONSTITUTION LIFE SYRUP.

R

FOR ALL FORMS OF

Ulcerative Diseases,

Either of the NOSE, THROAT, TONGUE, SPINE, FOREHEAD or SCALP, no remedy has ever proved its equal.

MOTH PATCHES upon the female face depending upon the diseased action of the liver, are very unpleasant to the young wife and mother. A few bottles of CONSTITUTION LIFE SYRUP, will correct the secretion, and remove the deposit which is directly under the skin.

In the diseases of the Liver, giving rise to Languor, Dizziness, Indigestion, Weak Stomach, or an ulcerated or cancerous condition of that organ, accompanied with burning or other unpleasant symptoms, will be relieved by the use of CONSTITUTION LIFE SYRUP.

U

☞ AS A GENERAL BLOOD PURIFYING AGENT, THE LIFE SYRUP STANDS UNRIVALLED BY ANY PREPARATION IN THE WORLD.

THE RICH AND POOR

are liable to the same diseases. Nature and Science has made the CONSTITUTION LIFE SYRUP for the benefit of all.

PURE BLOOD

Produces healthy men and women; and if the constitution is neglected in youth, disease and early death is the result.

WAR DEPARTMENT,
SURGEON GENERAL'S OFFICE,
WASHINGTON, D. C., Aug. 10th, 1866. }

[ADVERTISEMENT.]

AN Army Medical Board, to consist of Brevet Colonel J. B. Brown, Surgeon U. S. A., President, Brevet Lieutenant Colonel H. R. Wirtz, Surgeon U. S. A., Brevet Lieutenant Colonel Anthony Heger, Surgeon, U. S. A., and Brevet Major Warren Webster, Assistant Surgeon, U. S. A., Recorder, will meet in New York City on the 20th of September, next, for the examination of candidates for admission into the Medical Staff of the U. S. Army.

Applicants must be 21 years of age, and physically sound.

Applications for an invitation to appear before the Board should be addressed to the Surgeon General U. S. A., and must state the full name, residence, and date and place of birth of the candidate. Testimonials as to character and qualifications must be furnished. If the applicant has been in the Medical Service of the Army during the war, the fact should be stated, together with his former rank, and time and place of service, and testimonials from the officers with whom he has served should also be forwarded.

No allowance is made for the expenses of persons undergoing the examination, as it is an indispensible prerequisite to appointment.

There are at present sixty vacancies in the Medical Staff, forty-six of which are original, being created by the Act of Congress, approved July 28th, 1866. JOS. K. BARNES,
Surgeon General U. S. A.

American & Foreign Patents.

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of the U. S. Patent Office, Washington, under the Act of 1837.

No. 78 State Street, (opposite Kilby street,) Boston,

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all papers or drawings for Patents, executed on reasonable terms, with dispatch. Researches made into American and Foreign works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.

No Agency in the United States possesses superior facilities for obtaining Patents, or ascertaining the patentability of inventions.

During eight months the subscriber, in the course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS; *every one* of which was decided *in his favor* by the Commissioner of Patents.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHAS. MASON,"
Commissioner of Patents.

"I have no hesitation in assuring inventors that they can not employ a man more *competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,"
Late Commissioner of Patents.

"Mr. R. H. EDDY has made for me THIRTEEN applications, in all but *ONE* of which patents have been granted, and that one is *now pending.* Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGHART."

BARRETT'S THE BEST VEGETABLE HAIR RESTORATIVE.

Is creating a sensation among the friends of those who have had their gray hair restored to its youthful color, and those whose bald heads have been covered with a luxuriant growth of hair. It changes and improves their looks that intimate acquaintances scarcely recognize each other. For sale by druggists, of whom circulars can be obtained containing testimony to prove what we have intimated.

Home Proof.

MR. BARRETT:

DEAR SIR,—Having used a bottle of your "VEGETABLE HAIR RESTORATIVE" after having tried many other kinds without success, I am happy to accord to it the *ne plus ultra* of ALL Hair Preparations in the world, and do myself sincerely and cheerfully recommend it to the public as such.

Yours, &c., JOHN FRANKLIN,
No. 6 Tremont street, Boston.

Testimony from Abroad.

Messrs. J. R. BARRETT & Co:

I was induced by a friend to make a trial of BARRETT'S VEGETABLE HAIR RESTORATIVE, and I am very much pleased with the effect it has had on my hair. I was nearly half gray, and now, before using one bottle, my head is freed from dandruff, and my hair has all the appearance of youth. I fully believe BARRETT'S to be the best Hair Preparation in the world. WM. HAMILTON.
